

# How to Install Zoom

## Desktop PC or Laptop

The Zoom Client will download when you join your first meeting but if you want to download it manually first visit <https://zoom.us/download/>

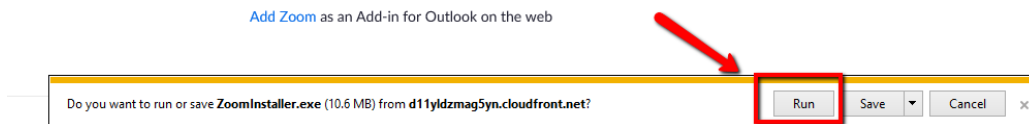

Select Zoom Client for Meetings and click Download

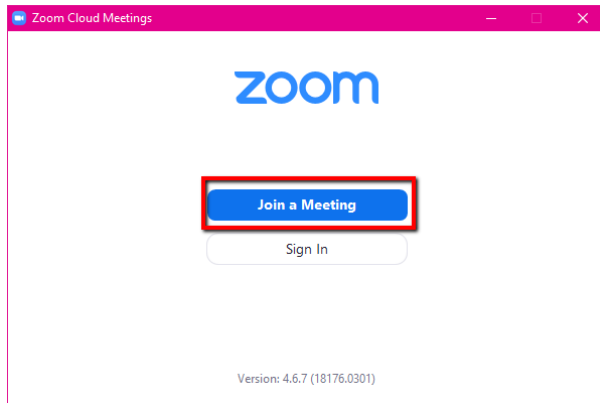

If using Google Chrome this will start downloading in the bottom right hand corner, once completed click on it to open

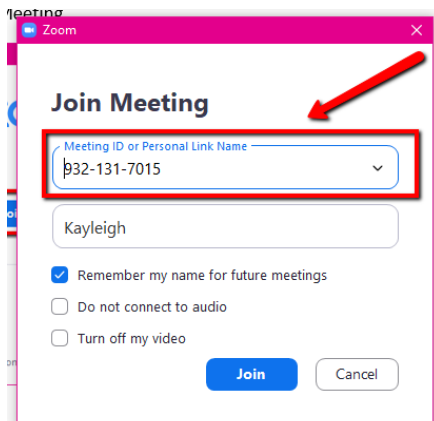

If using Internet Explorer Click run

Once installed, select Join Meeting

Enter the Meeting ID, your name and click Join

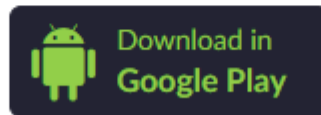

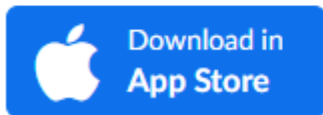

## Mobile Device

The Zoom Client will download when you join your first meeting but if you want to download it manually first visit <https://zoom.us/download/>

Select Zoom Mobile Apps, either for Apple or Android devices.

## Zoom Mobile Apps

Start, join and schedule meetings; send group text, images and push-to-talk messages on mobile devices.

(please note the next screenshots are for an iPhone)

Once installed either follow the link on the website or select Join Meeting,

Enter the Meeting ID, your name and click Join
